

Computing

Sequencing Roadmap

Year 1

Unit 1.1 safety & Exploring Purple Mash

To logon to Purple Mash and know how to explore the internet safely

Unit 1.2 Grouping and sorting

To sort items using criteria

Unit 1.3 Pictograms

To collect, present and interpret data .

Key

Computer Science
Information Technology
Digital Literacy

To use directional keys to control the movement of a character

Unit 1.5 Maze Exploresrs

To follow and create instructions

Unit 1.4 Lego Builders

Unit 1.6 Animated Story Books

To add text and an image to a page .

Unit 1.7 Coding

To create a programme using coding blocks

Unit 1.8 Spreadsheets

To enter data into cells .To count items in the cells

Unit 1.9 Technology Outside School

To identify where we use technology

Year 2

Unit 2.1
Coding

To understand that an algorithm uses unambiguous instructions

Unit 2.2
Online Safety

To send an email and recognise that we leave a digital footprint

Unit 2.3
Spreadsheets

To use copying pasting and totalling to make a spreadsheet.

Key

Computer Science

Information Technology

Digital Literacy

To use a web search engine and use generated results to answer a quiz.

Unit 2.5
Effective searching

To use a binary tree to sort children in the group.

Unit 2.4
Questioning

Unit 2.6
Creating Pictures

To use 2 paint to create pictures in the styles of Mondrian, Willian Morris and Pointillism

Unit 2.7
Making Music

To make a tune altering volume of sounds and uploading a sound from a sound bank

Unit 2.8
Creating Ideas

To present information about a traditional tale using different digital forms including 2 Quiz and 2 connect

Year 3

Unit 3.1
Coding

To run, test and debug
a programme. Use
repeat commands

Unit 3.2
Online Safety

To understand the use
of passwords to keep
information safe.

Unit 3.3
Spreadsheets

To use more than,
less than tools to
help solve
calculations.

Key

Computer Science
Information Technology
Digital Literacy

To write and send
an email with an
attachment. To
create a quiz on
Internet Safety

Unit 3.5 Email
and Email
Safety

To identify home
keys. Learning to
touch-type.

Unit 3.4 Touch
Typing

Unit 3.6
Branching
Databases

To use a database
to sort objects by
criteria

Unit 3.7
Simulations

To understand what a
simulation is and
explore making choices
and the effect it has.

Unit 3.8
Graphing

To enter data
into a graph
and explain
results

Unit 3.9
Presenting

To create a page in
a presentation
inserting a picture
and animation.

Year 4

**Unit 4.1
Coding**

To create a simple programme including an If statement and co-ordinates.

**Unit 4.2
Online Safety**

To understand we make a digital footprint and the risks and benefits of installing apps.

**Unit 4.3
Spreadsheets**

To format the cells in a spreadsheet to help with budgeting

Key

Computer Science

Information Technology

Digital Literacy

**Unit 4.6
Animation**

To use the onion skin too and stop motion to make an animation

**Unit 4.7
Effective Search**

To use a search engine to answer questions. Identifying a reliable source

To use 2 Logo to make shapes using the repeat command

Unit 4.5 Logo

To change the font and style of writing to suit the audience

**Unit 4.4 Writing
for different audiences**

**Unit 4.8
Hardware
Investigators**

To name the different parts of the computer

**Unit 4.9
Making Music**

To compose a piece of music demonstrating pitch, rhythm and melody

Year 5

Unit 5.1
Coding

To code efficiently using functions and alter variables.

Unit 5.2
Online Safety

To use SMART guidance when online. Assessing the reliability of information sources.

Key

Computer Science
Information Technology
Digital Literacy

To create a database and use it to search for information.

Unit 5.4
Databases

To use formula and text variables to calculate in a spreadsheet.

Unit 5.3
Spreadsheets

Unit 5.5
Game Creator

To design a game including the setting and characters. Maximising playability.

Unit 5.6
3D Modelling

To adapt a model vehicle creating a 2D net and making a 3D model.

Unit 5.7
Concept Maps

To create a basic concept map and present it to an audience.

Unit 5.8
Word processing

To create a word document . Adding and altering images. Inserting a hyperlink.

Year 6

**Unit 6.1
Coding**

To design a text based game, using flowcharts to create and debug the programme

**Unit 6.2
Online Safety**

To recall risks associated with sharing information online and limiting time online

**Unit 6.3
Spreadsheets**

To use a computational model to solve real life problems based on pocketmoney

Key

Computer Science
Information Technology
Digital Literacy

To map out a text adventure using the full functionality of 2 Create a story

**Unit 6.5 Text
Adventures**

To plan write and share a blog . To post comments .

**Unit 6.4
Blogging**

**Unit 6.6
Networks**

To research the development of the World Wide Web and the difference between it and the internet. Apply to school setting.

Unit 6.7 Quizzing

To create a quiz using a variety of question types.

**Unit 6.8
Understanding
Binary**

To understand how data is stored on a computer and convert numbers into binary.

**Unit 6.9
Spreadsheets
Excel**

To use a spreadsheet to carry out basic calculations and use the sum function.
